25X1C

[REDACTED] a list of the Magistrate of Gross Berlin  
Economy Department, Industry Section regarding the western DM funds  
probably required by the firms of the Soviet Sector in Berlin for  
imports during the four quarters of 1950. A compilation of the main  
items listed would come to the following amounts:

|   |          |                    |
|---|----------|--------------------|
| Bar, round and flat steel   | 141 tons | 75,000 DM          |
| Rolled materials, especially boiler,<br>dynamo plates, and light sheets | 517 tons | 195,000 DM         |
| Small iron parts, tools and steelware                                   | 60 tons  | 187,000 DM         |
| Machines  |          | 282,000 DM         |
| Fine mechanical and optical instruments                                 |          | 134,000 DM         |
| Ball bearings   |          | 16,000 DM          |
| Chemicals   |          | 118,000 DM         |
| Total including various smaller items, about                            |          | 1,245 million DM * |

25X1A

\* [REDACTED] Comment. This sum corresponds to 1 percent of the entire goods  
delivered each month by Western Germany to West Berlin or to 10 percent  
of the West German deliveries of steel, rolled materials, machines, tools,  
fine mechanical and optical instruments. Thus the sums listed by East  
Berlin represent comparatively insignificant quantities and funds.  
See annex for photostat.

1 Annex: 4 pages.
